GE INTERIM FACILITY PROJECT

GLOUCESTERSHIRE, JUNE 2015

Newsletter: June 2015

Dear Resident,

We are writing to you to keep you informed of the up and coming works at GE Interim Facility Project, Gloucestershire, a conversion of a leased 78,000 sqft factory unit into a new state of the art propeller manufacturing facility.

Wates operate under the Considerate Constructors Scheme, which grade the site and its management on several main headings, including Consideration, Good Neighbour, Responsibility and Accountability. At regular intervals, we will be inspected by an independent auditor to ensure we are being the best neighbour we can be.

If at any time you feel we are falling short of what you consider to be a good neighbour then please feel free to contact myself, Dave Norman who will action your concerns effectively as possible.

Current News – The project is an on-going Design and Build process with the ground works currently underway. We have started to construct the equipment pits for the manufacturing machinery. Partitions have also now been installed.

Due to the fast developing programme, production is open 7 days a week.

Contact Us - If you have any concerns or queries over any of the above or wish to discuss any of our activities in more detail, please ring 01594 546216 and ask for Dave Norman, who is the Project Lead.

To enable us to improve our performance, we would appreciate your time in completing and returning the attached questionnaire.

Many thanks for your cooperation

Dave Norman
Project Lead

WATES CONSTRUCTION COMMUNITY NEWS

It's **Child Safety Week 1-7 June** and we are running a poster competition at Mitcheldean Endowed Primary School to draw a safety awareness poster. We will be attending the school to do a presentation and give the children an opportunity to meet Ivor Goodsite. Book vouchers will be presented to the 1st, 2nd and 3rd prize winners.

Health Kiosk coming to site!

An interactive Health Kiosk will be available for you to use at the GE Interim Facility from the 18 - 25th June 2015.

This is your chance to test some key indicators of your health and leave with a print-out of your results:-

- Weight
- Blood Pressure
- Heart Rate
- Body Mass Index
- Body Fat Content
- Boomerang Life Balance
- Hydration

If you registered last time this will be a great chance for you to log back in and check your progress! Just step on the kiosk, enter your details and you are on your way!

Didn't register last time the kiosk visited? Don't worry you can still come along for a Health MOT!

Please note: Your results are kept strictly completely confidential

A snap shot of your health

High Blood Pressure is an important risk factor for heart disease and stroke. Early treatment can reduce the risk considerably.

Please note, all data is encrypted so that your personal information is only available for you to see. All tests, even if you are registered on the kiosk, remain anonymous at all times.

To celebrate **Health and Safety week 15-19 June** we will have a wellbeing kiosk based at our site to help people assess their health. All testing is private and confidential with a print out of your results to take away.
